

Who to Contact

To contact Zone 7, call 925-454-5000 during normal business hours (Monday-Friday, 8 a.m. to 5 p.m.). After hours, call 925-447-6704. In an emergency, call 911.

Sandbags can be obtained from the following entities:

- City of Dublin Corporation Yard, 5709 Scarlett Ct. (24-hours, 925-833-6630); www.dublin.ca.gov
- City of Dublin Public Safety Complex, 6363 Clark Avenue (24-hours)
- City of Livermore Maintenance Service Center, 3500 Robertson Park Road (M-F, 7 a.m. to 3:30 p.m.; 925-960-8020); www.cityoflivermore.net/citygov/pw/public_works_divisions/wrd/default.asp
- City of Pleasanton Operations Service Center, 3333 Busch Road (M-F, 7 a.m. to 3:30 p.m.; 925-931-5500); www.cityofpleasantonca.gov/gov/depts/os/default.asp
- Alameda County Public Works Road Maintenance Dept., 4825 Gleason Dr., Dublin (M-F, 7 a.m. to 3:30 p.m.; 925-803-7007; if no answer, call Sheriff's Dispatch with emergency, 510-667-7721); www.co.alameda.ca.us/pwa

Flooding: What You Can Do to Prepare

- Keep all storm drains, roof gutters, pipes, downspouts, driveway culverts and drainage ditches free of debris.
- Remove any dead brush or trees.
- Ensure your drainage is directed toward the storm drain system.

- If gutters are filling, use a rake, broom or shovel to remove debris from the storm drain opening, being sure to leave the grate in place.
- Landscaping is the best protection against slides. If your home is on a bare-soil hillside, you can protect it by punching straw into the soil with a shovel, or securing sheets of woven burlap with stakes. Correct any cracking or slippage as soon as possible. Directing drainage downslope onto bare soil can cause slope instability.
- Keep your car fueled and disaster supplies handy.
- For flood insurance information, call your insurance agent or the National Flood Insurance Program (1-800-638-6620).
- Check out the state Department of Water Resources website, http://www.water.ca.gov/floodsafe/ca-flood-preparedness/fpw_home.cfm.
