

# Zone 7 Garden in a Box

## Year- Round Color Garden for Shade

Turf never does well under trees and its irrigation is not ideal for tree health.

This plan adds a colorful spot in the shade of a tree or building. Taking advantage of the textures as well as the color of the foliage and blooms, this garden will add a bright spot in the darker parts of your yard.

Garden includes

- Sea Lavender
- Lomandra
- Native Iris and Heuchera

Symbol	ID	Common Name	Botanical Name	QTY
	A	Platinum Beauty	Lomandra longifolia 'Roma13'	3
	B	Sea Statice	Limonium perezii	3
	C	Native Iris	Iris douglasiana/Pacific Coast Hybrids	4
	D	Alumn Root	HEUCHERA 'ROSADA'	4

Layout size is appx 100 sqft
